## ABOUT THE NIGERIAN SOCIETY OF ENGINEERS (NSE)

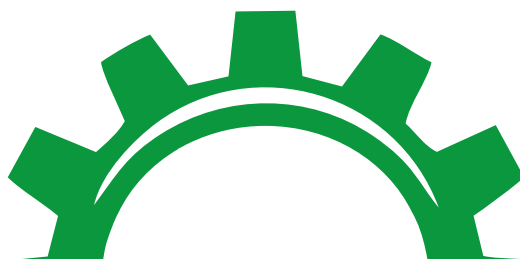

The Nigerian Society of Engineers (NSE) is the umbrella organization for the Engineering Profession in Nigeria. The Society looks after the professional needs of members through well structured programmes and regular interactions among the different cadre of membership, enhancing high professional standard and ethical practices. It was founded on 16th February, 1958 by a group of young Nigerian graduate engineers and students in the UK, the Society was inaugurated at the Nigerian House in London.

### **Vision**

The Nigerian Society of Engineers shall be one of the very best Engineering Professional bodies in the World.

### **Mission**

The Nigerian Society of Engineers is dedicated to providing quality service aimed at enhancing professional competence and development of its members at all times. The Nigerian Society of engineers is committed to focus collaboration with, influencing and providing quality advice to the various arms of Government, Industry, Commerce, academia and the Society at large, for the purpose of uplifting the country as a whole. The Nigerian Society of Engineers shall make meaningful contributions to the advancement of technology worldwide.

# CONCEPT NOTE

## EVENT CONTEXT

The NSE is set to host the 2025 International Engineering Conference, Exhibition and Annual General Meeting (AGM), themed "Engineering Innovation for a Sustainable Blue Economy."

The blue economy, which includes oceans, seas, rivers, and other water resources, presents immense opportunities for economic growth, environmental sustainability, and industrial development. From maritime transport and coastal infrastructure to renewable energy and marine biotechnology, engineering plays a pivotal role in harnessing these resources while ensuring environmental preservation and climate resilience.

Building on the success of previous editions, Ibadan 2025 will convene engineers, policymakers, researchers, industry leaders, and investors to explore how cutting-edge engineering solutions can drive sustainable development in the blue economy sector. The conference will feature high-level keynote addresses, technical paper presentations, panel discussions, exhibitions, networking sessions, and the AGM, attracting over 8,000 participants from across Nigeria and beyond.

## THEME AND OBJECTIVES

The Conference themed *Engineering Innovation for a Sustainable Blue Economy* reflects the growing importance of technological advancements, smart infrastructure, and policy frameworks in promoting a thriving and eco-friendly blue economy.

*The Ibadan 2025 Conference aims to:*

1. Explore engineering solutions that drive sustainability in maritime, coastal, and freshwater ecosystems.
2. Foster collaboration between industry, government, and academia to develop innovative strategies for blue economy growth.
3. Promote research and technology-driven solutions in renewable marine energy, water management, and ocean engineering.
4. Enhance the role of engineering in climate resilience, marine conservation, and disaster risk management.
5. Encourage investment and policy development to support sustainable maritime industries.
6. Facilitate networking and knowledge-sharing among engineers, scientists, and policymakers.

## VENUE AND DATE

Conference Venue: International Conference Centre,  
University of Ibadan, Oyo State, Nigeria.

Date: Monday, 1st – Friday, 5th December 2025

## WELCOME MESSAGE FROM THE PRESIDENT

**O**n behalf of the Nigerian Society of Engineers (NSE), I am delighted to warmly invite you to the 2025 International Engineering Conference, Exhibition and Annual General Meeting (AGM), tagged IBADAN 2025. This prestigious annual gathering of engineers, industry leaders, policymakers, researchers and key stakeholders presents a unique platform for knowledge sharing, technological innovation and strategic collaboration aimed at advancing engineering excellence in Nigeria, Africa and beyond.

The theme for this year's conference, "Engineering Innovation for a Sustainable Blue Economy," is both timely and critical as Africa seeks to harness the vast potential of its oceans, rivers and water resources to drive economic growth, environmental sustainability and technological development. This conference will provide a forum for thought leadership, exploring how engineering-driven solutions can be leveraged to unlock new opportunities in maritime infrastructure, renewable marine energy, sustainable fisheries, coastal resilience and marine biotechnology.

We are particularly honoured and grateful for the support and partnership of His Excellency, Engr. Seyi Makinde, FNSE and the Government of Oyo State in hosting this landmark event. Their unwavering commitment to engineering excellence, infrastructure development and sustainable progress has positioned Oyo State as a leading hub for innovation and technological advancement. This partnership further reinforces the importance of engineering in driving economic growth and national development.

Through high-impact keynote sessions, engaging technical discussions, industry panel discussions and an extensive exhibition, IBADAN 2025 will facilitate meaningful conversations and actionable strategies that will propel Nigeria and Africa towards a more resilient and prosperous blue economy. Additionally, the conference exhibition will showcase cutting-edge innovations, emerging technologies and ground-breaking research, providing participants with exclusive access to the latest advancements shaping the future of engineering.

Beyond the intellectual engagements, IBADAN 2025 promises to be a memorable experience, offering unparalleled networking opportunities with global experts, decision-makers, investors and young professionals. The historic city of Ibadan, renowned for its rich cultural heritage and hospitality, will serve as a befitting backdrop for this landmark event. Your presence at this conference will not only enrich the discussions but also contribute to shaping the future of engineering and sustainable development across Nigeria and Africa.

On behalf of the Council and the entire leadership of the Nigerian Society of Engineers, I eagerly look forward to welcoming you to IBADAN 2025. Together, let us advance engineering excellence and chart a sustainable path for Nigeria's blue economy.

**Engr. Margaret Aina Oguntala, FNSE**  
President, The Nigerian Society of Engineers.

## A PERSONAL INVITATION FROM THE CHAIRMAN, CONFERENCE PLANNING COMMITTEE (CPC)

With great enthusiasm, I invite all esteemed delegates, speakers and industry partners to the 2025 International Engineering Conference, Exhibition and Annual General Meeting (AGM), scheduled to hold from Monday, December 1st to Friday, December 5th, 2025, at the International Conference Centre, University of Ibadan, Oyo State.

This year's conference, tagged "**Ibadan 2025**" is themed "**Engineering Innovation for a Sustainable Blue Economy.**" The theme reflects the pivotal role of engineering in harnessing the vast potential of our oceans, rivers and coastal resources while ensuring environmental sustainability and resilience. As Nigeria and Africa seek to develop their blue economy, this conference will bring together renowned Engineers, policymakers, industry leaders, and researchers to explore innovative strategies for sustainable marine and coastal development.

Beyond the technical sessions, Ibadan, the largest city in West Africa, offers a rich cultural experience. Delegates will have the opportunity to savor the city's famous cuisine, including Amala and Ewedu, Abula, and other local delicacies, while enjoying the vibrant beats of traditional Yoruba drums and energetic dance performances. The city is also home to fascinating tourist attractions, including the historic Cocoa House, Mapo Hall, Bower's Tower, and the awe-inspiring Agodi Gardens, offering a blend of heritage and modernity.

Additionally, angel investors seeking to invest in African startups and innovators will be present, creating opportunities for emerging engineers and entrepreneurs to showcase their groundbreaking ideas. The conference will also highlight major engineering infrastructure within Ibadan, as well as top-tier hotels and accommodations carefully selected for delegates' comfort.

As an International Conference, we anticipate participation from a diverse range of stakeholders, including representatives from the World Federation of Engineering Organizations (WFEO), African Engineering bodies, government agencies, corporate leaders, and professionals across various Engineering disciplines. This gathering will provide an unparalleled platform for knowledge exchange, policy discussion, strategic collaboration and networking.

I encourage you to take advantage of the early registration window to avoid last-minute rush and enjoy discounted rates.

On behalf of the Conference Planning Committee (CPC), I look forward to welcoming you to **Ibadan 2025**. Let us come together to advance Engineering excellence and shape the future of the blue economy.

**Engr. Mutiu Odesanya, FNSE**  
Chairman, Conference Planning Committee

## WHY ATTEND?

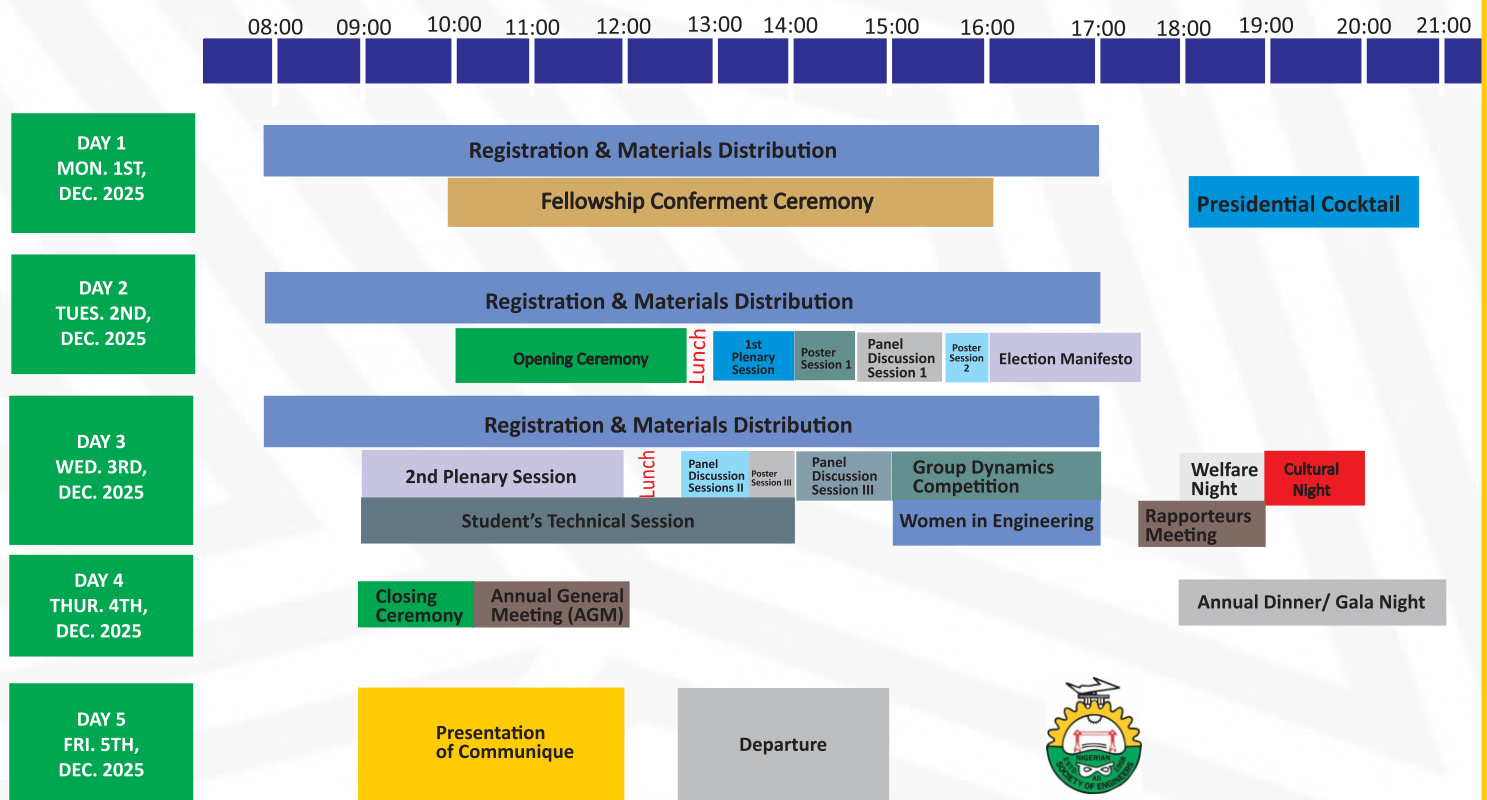

- Gain insights from global engineering experts and policymakers.
- Explore latest innovations and technologies in engineering and sustainability.
- Network with 8,000+ professionals, industry leaders and key decision-makers.
- Attend specialized events, plenary sessions and exhibitions.
- Access business opportunities and strategic partnerships.

## TARGET AUDIENCE

The 2025 Conference will attract a diverse audience, including:

- ✓ Engineers & Technical Experts
- ✓ Government Agencies & Policymakers
- ✓ Academia & Researchers
- ✓ International Organizations & Development Agencies
- ✓ Corporate Organizations & Investors
- ✓ Startups & Innovators

## IBADAN 2025 AT A GLANCE

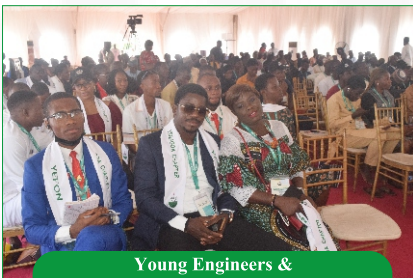

## PANEL DISCUSSION SESSION

The Conference will feature high-level panel discussions led by distinguished industry experts, policymakers and thought leaders, focusing on engineering innovation for a sustainable blue economy. These sessions will explore cutting-edge technologies, policy frameworks and investment strategies that can drive sustainable growth and environmental stewardship within the blue economy sector.

These engaging and interactive sessions will provide a platform for strategic dialogue, collaboration, and actionable insights, ensuring that engineering innovation drives the future of a resilient and thriving blue economy.

## NETWORKING & SOCIAL EVENTS

- Young Engineers & Future Leaders Forum for mentoring and career development.
- Gala Night & Awards Ceremony – Celebrating engineering excellence
- Cultural Night – Showcasing Nigeria's rich heritage
- Presidential Cocktail – Exclusive high-level networking session.
- Spouses' Programme – A specially curated experience for accompanying spouses, featuring guided city tours, social engagements and networking opportunities.

# CALL FOR PAPERS

The NSE invites Technical Papers for the 2025 National Engineering Conference, themed Engineering Innovation for a Sustainable Blue Economy from 1st December – 5th December, 2025.

## ***SUB-THEMES:***

1. Sustainable Marine Infrastructure
2. Blue Economy Resources and Technologies
3. Innovation and Entrepreneurship in the Blue Economy
4. Policy and Governance for the Blue Economy
5. International cooperation and partnerships
6. Investment opportunities and funding mechanisms
7. Intellectual property and innovation ecosystems
8. Emerging Technologies for Business Process Optimization and for promoting responsible practices in Blue Economy
9. Emerging Technologies Education and Skill Development for sustainable Blue Economy

## ***Deadlines:***

Deadline for submission of Abstract	–	30th June, 2025
Notification of acceptance of the Abstract	–	10th July, 2025
Deadline for submission of full manuscript	–	29th July, 2025
Deadline for Submission of corrected full manuscript	–	19th Aug. 2025
Notification of acceptance of the full manuscript	–	30th Aug. 2025

For detailed manuscript preparation guidelines, visit  
<https://conference.nse.org.ng/callforpapers> to download the instructions.

For inquiries on the 2025 Call for Papers, contact the Technical Committee at 08033603462 or via email: [tsc@nse.org.ng](mailto:tsc@nse.org.ng), [fallonge6@gmail.com](mailto:fallonge6@gmail.com), [bajayi@nse.org.ng](mailto:bajayi@nse.org.ng)

# PARTNERSHIPS AND SPONSORSHIP OPPORTUNITIES

The NSE invites partnerships and sponsorships from:

- Government agencies overseeing marine, energy and infrastructure development.
- Engineering and technology companies involved in the blue economy sector.
- International organizations and research institutions promoting sustainable development.
- Corporate sponsors seeking brand visibility in Nigeria's largest engineering conference.

## Sponsorship Tiers & Benefits

### Platinum Sponsor – ₦60M+

- ✔ Premier Visibility
- ✔ Keynote Speaking Slot
- ✔ VIP Access
- ✔ Full Branding
- ✔ Premium Exhibition Booth
- ✔ Media Exposure
- ✔ Corporate Documentary
- ✔ Magazine Feature

### Gold Sponsor – ₦40M – ₦59.99M

- ✔ High Visibility
- ✔ Plenary Session Slot
- ✔ Premium Exhibition Space
- ✔ Branding On Select Materials
- ✔ Media Exposure
- ✔ Magazine Feature
- ✔ VIP Seating

### Silver Sponsor – ₦25M – ₦39.99M

- ✔ Standard Visibility
- ✔ Exhibition Booth
- ✔ Branding In Program Brochure And Website
- ✔ Media Exposure
- ✔ Magazine Feature
- ✔ VIP Seating

### Bronze Sponsor – ₦15M – ₦24.99M

- ✔ Exhibition Booth,
- ✔ Branding In Program Brochure And Website
- ✔ Media Recognition
- ✔ Vip Seating

### Tailored Sponsorship Package – ₦30M – ₦75M

- ✔ Customized Branding
- ✔ Speaking Opportunities
- ✔ Targeted Sponsorship Options For Opening Ceremony
- ✔ Presidential Cocktail
- ✔ Notepads/Pens
- ✔ Young Engineers Program
- ✔ Cultural Night
- ✔ and more

### Strategic Partnership Opportunities – ₦200M

- ✔ Year-round branding at NSE flagship events
- ✔ premium sponsorship of Conference Bags or Gala Night
- ✔ keynote speaking slot, high-level industry engagement
- ✔ exclusive media exposure

# PARTNERSHIPS AND SPONSORSHIP OPPORTUNITIES

For more details on the partnership packages, download the sponsorship/partnership value proposition at <https://conference.nse.org.ng/partnership>.

## STRATEGIC PARTNERS

# REGISTRATION

Category	Early Bird Registration (Feb. 1, 2025 to Aug. 31, 2025)	Late Registration (Sept. 1, 2025 to Nov. 23, 2025)
Fellows	N120,000.00	N135,000.00
Delegates (Corporate/Associate)	N75,000.00	N85,000.00
Spouse	N25,000.00	N30,000.00
Graduate/Students	N20,000.00	N25,000.00
Virtual Attendee	N60,000.00	N70,000.00
Non- Members	N75,000.00	N85,000.00
International Delegate	\$500.00	\$500.00

Register now at: <https://conference.nse.org.ng>

Scan QR Code to register for the Conference

# EXHIBITION

Why Exhibit?

- Showcase innovations, products, and services to a targeted audience of engineers, executives, and investors.
- Gain direct access to decision-makers in the engineering and industrial sectors.
- Expand your brand visibility and market reach.

For more information on exhibition opportunities, please visit <https://conference.nse.org.ng/exhibition>

or Scan the QR Code

# ACCOMMODATION & TRAVEL INFORMATION

Exclusive Hotel Discounts – Enjoy special rates at partner hotels for a comfortable stay during the conference.

Seamless Transportation – Arrangements for airport shuttles, train services from Lagos to Ibadan and venue directions to ensure smooth travel for attendees.

For discounted hotel rates and travel details, visit: <https://conference.nse.org.ng/hotels>.

## CONCLUSION

The 2025 International Engineering Conference, Exhibition, and AGM (Ibadan 2025) is poised to be a groundbreaking event in Nigeria's engineering sector, with a focus on engineering-driven solutions for a thriving and sustainable blue economy.

We invite all stakeholders to participate in shaping the future of marine and coastal industries through engineering innovation.
