PRESENTS A 3-DAY WORKSHOP ON

PROCUREMENT AND MANAGEMENT OF ENGINEERING PROJECTS

This workshop earns CPD Units for Engineers

SCHEDULES (2019)

1. Apr 9-11 - Nig. Society of Engineers HQ, Central Area, Abuja
2. May 21-23 - NECA House, Alausa CBD, Ikeja, Lagos
3. Jul 9-11 - Dannic Hotel, New Haven, Enugu
4. Sept 3-5 - Tahir Guest Palace, Kano Municipal, Kano
5. Oct 22-24 - Nig. Society of Engineers HQ, Central Area, Abuja

OVERVIEW OF THE WORKSHOP

Experience has shown that the problems commonly facing Engineering Projects in Nigeria (delays, cost overruns, disputes, poor works, etc.) are usually due to deficient procurement (low bids, incompetent contractors, poor specs, etc.) and ineffective project management. This workshop will provide a deeper understanding of public procurement of engineering projects (in line with the Public Procurement Act) and management of the projects so that procuring entities can achieve their objectives of sound and timely projects at minimized costs while at the same time contractors can achieve better investment returns.

LEARNING OUTCOMES

Participants will be able to manage engineering projects and achieve:

- Timely and effective procurement;
- Reduced project cost;
- Avoidance of cost overruns;
- Timely completion of projects;
- Avoidance of poor quality works;
- Avoidance of disputes;
- Avoidance of being a victim of procurement offences
- Good return on investment for contractors.

TOPICS TO BE COVERED

1. Fundamentals of Public Procurement in Nigeria
2. Procurement Procedures for Goods and Works
3. Procurement Procedures for Consulting Services
4. The Use of Insurances and Bonds in Procurement and Management of Engineering Projects
5. Managing the Design and Construction Phase of Engineering Projects
6. Cost and Quality Control Techniques in Engineering Projects
7. Managing Time, Health and Safety in Engineering Projects
8. Managing Risks and Disputes in Engineering Projects
9. Contract Administration for Engineering Projects
10. Offences in Public Procurement and Precautions to Avoid being a Victim.

WHO SHOULD ATTEND THIS WORKSHOP?

The workshop will be of interest to Government Ministries, Departments and Agencies in Nigeria as well as to Engineering and Construction Contractors and Consultants. The workshop will particularly benefit Procurement Officers, Engineers, Architects, Builders, Quantity Surveyor, Project Managers, Members of Tender's Board, Planners, Contract Administrators, Academics, etc. as they will become more competent and more effective in handling and supervising the Procurement and Management of Engineering Projects after attending this workshop.
